Support to those affected by Typhoon Hagibis

Japan Renewable Energy Corporation (“JRE”) expresses its deepest sympathy to those affected by Typhoon Hagibis.

JRE remitted 530,000 yen to the account of Maruyama-town, Miyagi Prefecture as donation from our employees and the company with our hope to be helpful to those affected.

Our employees volunteer their time to help local communities affected by Typhoon Hagibis. The company also supported them by payment of transportation and lodging, and volunteer leave.

It is our hope and prayer that those areas will be restored to their normal situation at the earliest.
